

CERAKOTE FIREARM COATING TRAINING PROGRAM

SLR Coatings offers the only one on one training program for Cerakote Firearm Coating in Australia and New Zealand. With individual training, our instructor speaks with the customers prior to the training course to custom design each class to meet the specific needs of each customer. Courses are taught at SLR's training facility in Capalaba, Queensland or onsite (*). While every class is custom tailored to meet each customer's needs, below are topics typically covered in most courses.

TRAINING TOPICS

- Metal Preparation
- Out-gassing
- Racking Techniques
- Problem solving and troubleshooting defects
- Cost analysis
- Marketing
- Proper equipment and operation
- Coatings selection for various applications
- Re-works
- Basic to advanced ceramic application
- Proper curing techniques and schedules

Class Location

SLR Coatings is located at Unit 2/3 Christine Place, Capalaba Qld 4157.

Transportation

Brisbane Airport is located 18 kilometres north of SLR Coatings and is approx. 20min drive. Rental car companies are located at Brisbane Airport.
